QUARTERLY NEWSLETTER - Spring Edition

Announcing Class of 2025 Top Honors

Addyson Moeggenberg

Valedictorian

"When we hit our lowest point, we are open to the greatest change." - Avatar Aang, The Legend of Korra

Parents: Trent and Amanda Moeggenberg

School Participation: Marching band, Concert band, Cross Country, Theater, TC Drug Prevention Club, National Honor Society

Favorite Subject: Science and Band

Who Inspires You? My parents. Both of them have overcome several challenges throughout their lives and have sacrificed a lot to give me the opportunities that I have today. I am eternally grateful for them.

Best TC Memory: Going to BOA Grand Nationals with the band my junior year.

Plans After Tri County: To attend university in pursuit of a bachelor's degree in biology or something related to that. I'm also planning on pursuing pre

medicine at whatever university I'm going to. Ideally, I'll make it into medical school and will become a physician. I cannot say for certain what specialty I'll end up in, but I'm currently interested in studying pathology in order to become a medical examiner one day. As of now, I don't know where I'm going, since I'm waiting to hear back from some schools on some scholarships.

Parents: Brad and Melissa Stevens

School Participation: National Honor Society, Student Council, TC Drug Prevention Club, Marching and Concert Band, Choir, Theater, Making It Cool To Be Kind, Yellow Ribbon Club

Favorite Subject: Math

Best TC Memory: My absolute favorite memory was going to Tennessee for band. I got to play some amazing pieces of music, go to amusement parks, and spend time with my friends. I will never forget having to walk every piece of a marimba and vibraphone down the busy streets of Nashville to set it all up in the lobby of a museum.

Who Inspires You? My dad inspires me to be outgoing and kind to others. My mom inspires me to work hard for what I want.

Plans After Tri County: I plan on attending SVSU and pursuing a degree in psychology. I'm not sure what career I would like to have, but I know it will involve helping people in some way.

Natalie Sue Stevens

Valedictorian

"What you do makes a difference, and you have to decide what kind of difference you want to make" - Jane Goodall

Bethany Lynn Buitenwerf

Salutatorian

"Carpe diem, seize the day, boys. Make your lives extraordinary. - The Dead Poets Society."

Parents: Ryan & Tamara Buitenwerf

School Participation: Marching Band, Concert Band, Track, Cross Country, Jazz Band, National Honor Society, Student Council, School Musical, Broadway Night, TC Drug Prevention Club

Favorite Subject: Band

Best TC Memory: When our band took a trip down to Tennessee over spring break my sophomore year and I got to spend time with my friends and run around Nashville and Gatlinburg.

Who Inspires You? My Gramie, because no matter what life threw at her she always was able to pick herself back up and continue through life loving and caring for others.

Plans After Tri County: After high school I plan on attending Saginaw Valley State University and majoring in Psychology. I want to end up with a career in either Clinical or Criminal Psych.

A Season of Growth & Excitement

As we welcome spring, I want to take a moment to reflect on the incredible work happening across our school district and acknowledge the continued support of our community.

Spring is a time of renewal, and in our schools that means fresh opportunities for learning, growth, and achievement. From students preparing for end-of-year assessments to athletes and performers showcasing their talents, this season is filled with energy and excitement.

One of the greatest strengths of our district is the partnership we have with our families and community members. Your support—whether through attending school events, volunteering, or advocating for our students—makes a lasting difference in the lives of our young learners.

This season also brings visible progress on our stadium facility project, an exciting investment in our students and community. As construction moves forward, I encourage you to watch as this project takes shape, bringing new opportunities for our Viking athletes, marching band, and school events. This facility will serve as a gathering place for years to come, and we appreciate the community's role in making it a reality.

In addition to celebrating student success, we are also hard at work planning summer school programs that will provide valuable learning opportunities for students of all ages. Whether through academic enrichment, credit recovery, or specialized programs, our goal is to keep students engaged and prepared for the next school year. More details will be shared soon, and we encourage families to explore these opportunities.

Another exciting milestone is just around the corner—Kindergarten Round-Up will be starting soon! Welcoming our newest Vikings is always a special time, and we look forward to meeting our incoming kindergarten families. If you have a child who will be starting school in the fall, be sure to check our district website and communications for registration details.

As we look ahead, I encourage you to stay engaged with our schools. Whether it's celebrating the Class of 2025 at graduation, cheering on our Viking athletes, or supporting our teachers and staff, your involvement strengthens the fabric of our community.

Thank you for being a vital part of our district's success. I look forward to a strong finish to the school year and an exciting future ahead.

Warm regards,

Ryan J. Biller
Superintendent

District News

New Administration Joins TCAS

Corey Bordo, Director of Business & Finance

Tri County Area Schools is excited to introduce Corey Bordo as our new Director of Business & Finance. Corey brings a wealth of experience to our district, most recently serving as an Accounting Manager for Wyoming Public Schools. Before discovering his passion for working in education, Corey honed his skills in the private sector, holding various accounting and finance roles within hospitality and software companies.

Corey is eager to build relationships with our community as he steps into this important role. He is deeply committed to supporting our district's mission through sound financial stewardship and collaborative leadership.

On a personal note, Corey has been married to his wife, Jessica, for eleven years, and they have two wonderful children: Remy, 7, and Kendall, 4. He is thrilled to join our school community and feels incredibly honored to serve alongside all of you. Please join us in giving Corey a warm welcome as he embarks on this new chapter with our district.

Welcome to TC!

Brooke Haslacker, Elementary Principal

We are also thrilled to welcome Ms. Brooke Haslacker as our new Elementary Principal. Brooke brings over 14 years of teaching and 7 years of administrative experience to this role, most recently serving as lead principal at River City Scholars Charter Academy in Grand Rapids. She has also held roles as an assessment coordinator and Dean of Intervention and Special Education.

Brooke holds a Master's in the Art of Teaching with an emphasis in ESL (K-12) and a passion for data-driven leadership. Brooke is dedicated to keeping our students at the heart of every decision. Her focus on creating a supportive and inclusive environment ensures that all students and families feel valued and empowered.

Outside of work, Brooke is a proud mom of four children. She loves reading, gardening, home improvement projects, and enjoying Michigan summers kayaking, camping, and relaxing near the water.

Please join us in welcoming Brooke to our school community. She looks forward to building strong connections with our students, families, and community.

Corrie Mervyn, Director of Assessment & Accountability

We are happy to welcome Corrie Mervyn as our new Director of Assessment and Accountability at Tri-County Area Schools. Corrie comes to us with a strong background in educational leadership and a genuine passion for helping students succeed. We are confident she will make a positive difference as she works with our team to support all of our students' growth and success.

Corrie's focus will be on using data and feedback to help guide improvements in how we teach and support students. Her goal is to create an environment where every student can achieve their best, and she's excited to collaborate with teachers, staff, and families to make that happen.

In her personal life, she and her husband, Ryan, are parents to Sam and Maggie and enjoy supporting their children's sporting teams, fishing, skiing, camping, boating and soaking in all of Michigan's seasons.

Please join us in welcoming Corrie to our school community. We're excited to see the positive impact she will have, and we look forward to working together to continue making Tri County Area Schools a great place for all students.

If you have any questions or would like to reach out, Corrie can be contacted at cmervyn@tricountyschools.com or (616) 636-5454.

BOARD BRIEFS

By Jill Fennessy, Board President

Dear Tri County Community,

In January, we welcomed two new members to the Board of Education, Nick Hall and Brandon Monreal. They're already experiencing just how busy board service can be! From their first committee assignments and board meetings to their orientation and an in-depth presentation on board governance, they've jumped right in. We look forward to the insights and contributions they'll bring as we continue our shared commitment to serving our school community.

March has arrived and we're excited to celebrate *March is Reading Month!* Throughout the month, our schools will be hosting a variety of activities, from guest reader events to reading challenges. We encourage families to join in by setting aside time for reading at home and sharing their favorite books together. Let's make this a month filled with stories, imagination, and the joy of reading!

Looking ahead, our board will be reviewing the progress of Tri County's 2023-2028 Strategic Plan—a five-year vision shaped by input from staff, students, parents, community members, and administration. And with spring just around the corner, we're excited for the opportunities that the rest of the school year will bring. When we return from break, our focus will be on finishing the year strong and celebrating the achievements of the Class of 2025!

Thank you for all you do to make our schools a place where students can learn, thrive, and achieve their best. We appreciate you!

Sincerely,

Jill Fennessy, President
Board of Education
Tri County Area Schools

District Receives Grant for Emergency Supplies

This past fall, the district was awarded a grant from the State of Michigan to purchase emergency supplies and equipment for the Tri County Area Schools District. The collaborative decision was made to use the funds to purchase emergency backpacks for every classroom, a new AED, "Stop the Bleed" kits for every building, personal protective wear such as gloves, and multiple miscellaneous supplies to help with daily needs of the students. We are so appreciative to be able to provide these emergency supplies for our students and schools.

TRICOUNTY ELEMENTARY

KINDERGARTEN ROUNDUP

THURSDAY
APRIL 10TH

6:00 TO
7:30PM

- If you reside in the Tri County Area School District, and have a child who turns 5 years old on or before September 1st, 2025, they are eligible to attend Kindergarten in the fall.
- Come and meet our building administrators, Kindergarten teachers, and school nurse. Information regarding expectations and ways to help your child prepare for school will be shared.
- For more information and to register for Kindergarten Roundup on April 10th, scan the QR Code or

Off to the Races . . . NASCAR That Is!

High School Senior, Ryleigh Davis is a racing sensation, who plans to race on the NASCAR circuit one day. Ryleigh has been racing go-karts and cars since the age of 8. The High School recently had the pleasure of sharing her dream with our students, staff, and community when Ryleigh's race car was displayed on the stage in the cafetorium during the school day on February 14th and at the Varsity basketball games held that evening. Ryleigh shared stories of her dream, and everyone was encouraged to take a selfie with the car and upload the pictures via a QR code. The selfies will be used to make a wrap that will be applied to Ryleigh's race car for this upcoming racing season.

Ryleigh also uses her racing to raise awareness about bone marrow donation and the National Marrow Donor Program (NMDP), formerly known as Be The Match. Ryleigh became a powerful advocate for their mission after her father received a life-saving stem cell transplant during his battle with leukemia.

We wish Ryleigh the very best in her racing career, and know it won't be long until we see her driving at Daytona some day.

Ryleigh is sponsored by the Mondo Sports Group. For more information on Ryleigh and her racing check out her website at : <https://ryleighdavis.com/>.

be nice. Teddy Bear Toss for Helen DeVos Children's Hospital

The Tri County High School and Middle School be nice. Programs hosted a Teddy Bear Toss on Friday, January 31st during half-time of the Varsity Boys Basketball game. Tri County fans, as well as Big Rapids fans, were encouraged to bring a new teddy bear stuffy to toss on the court at half-time for patients at Helen DeVos Children's Hospital. A total of 264 teddy bears were donated by fans!

Twenty-three be nice. students helped at the event by selling be nice. shirts and bracelets, announcing details of the event and doing the countdown for the teddy bear toss, as well as gathering and counting the bears. The teddy bears were delivered to

Helen DeVos Children's Hospital on Tuesday, February 25th. Karen Juno, Administrative Support Coordinator with the Corewell Health Foundation West Michigan and Child Life Specialist from the children's hospital shared information about Helen DeVos Children's Hospital to those members who attended the trip. Thank you to everyone who donated a teddy bear to help comfort pediatric patients at Helen DeVos Children's Hospital. The Tri County be nice. chapters appreciate your support.

School News

Highlights from the Music Dept.

Shoutout to the seven TCHS students who participated in the District 7 Michigan School Band and Orchestra Association (MSBOA) Honors Band on February 5th. The event took place at Fruitport High School, where band members spent the day rehearsing and then performing a concert with other area musicians. Our band students represented Tri County well and were certainly a fun group to hang with for the day!

The High School Vocal Ensemble performed at Michigan School Vocal Music Association (MSVMA) District 7 Solo & Ensemble on Saturday, February 8th at Reeths Puffer High School. They received a 1st Division rating and feedback from the judge for their great performance, singing "Count the Stars" and "Swing Down, Ezekiel". Congratulations on a job well done!

The Tri County Music Dept. is SO very proud of our high school students participating in Solo/Ensemble. All students received either a 1st or 2nd rating. More importantly, they played some fantastic literature and strongly represented our district. Congratulations!

NHS Hosts Blood Drive: Students Unite to Save Lives

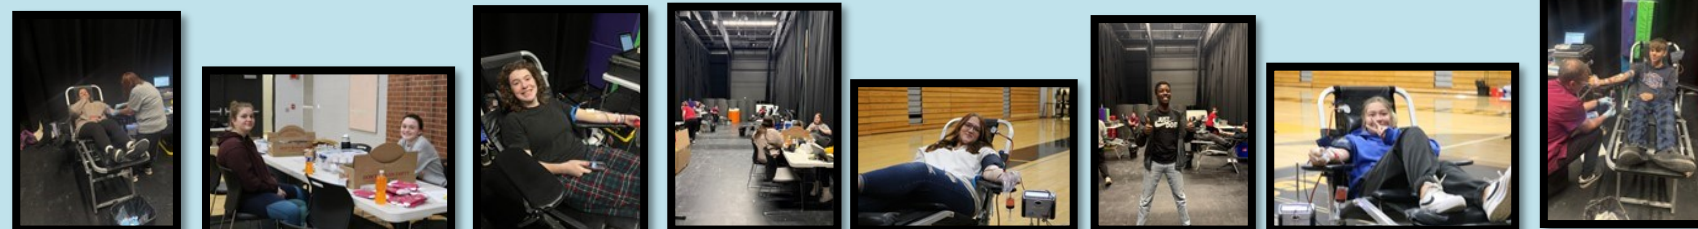

In a heartwarming display of community spirit and compassion, TCHS National Honor Society hosted a blood drive on February 10th in the high school cafeteria, surpassing goals and demonstrating the power of teamwork among students and the community. The event, organized in collaboration with Versiti, and aimed at raising awareness about the importance of blood donation and its life-saving impact, collected a remarkable 22 pints of blood, providing critical support to local hospitals and patients in need, and saving 62 lives in our community.

This is the third blood drive hosted this year, with a grand total of 77 pints of blood donated. Students, age 16 and older, participated with many stepping up to donate for the first time. Our school community rallied together to promote the event through social media, flyers, and morning announcements, emphasizing the importance of giving back. Faculty members also played a significant role, encouraging students and sharing their own experiences with blood donation. Student donors received baseball hats and treats. Those who donate six times during high school are honored with red cords to wear at graduation.

“Seeing our students come together for such a noble cause is truly inspiring,” said Principal, Tim Goheen. “This blood drive not only helps patients in need but also teaches our students the value of community service and empathy.”

In a world where every drop counts, TCHS National Honor Society has proven that young people can make a significant impact. The final blood drive for this year will be April 14th, 2025. For more information on how to donate blood or get involved in future blood drives, please contact Dinah Gerard at Tri County High School or visit versiti.org.

Together, we can save lives!

School News

Montcalm Community College - Your Free Community College & Trade School

On February 25th a group of seniors from Tri County High School traveled to Montcalm Community College - Greenville campus to learn about how Montcalm Community College is not only a college, but also a trade school.

Montcalm Community College offers several certificate programs to prepare students for the workforce. Certificates require around 30 credits or (1 year of community college) in applied technology courses. The Certificate programs do not require you to take “general education” courses that are often needed for an associate’s degree.

Certificate programs available at MCC:

- ◆ Business Management Certificate
- ◆ Corrections Officer Certificate
- ◆ Digital Arts Certificate
- ◆ Early Childhood Development Certificate
- ◆ Heating/Ventilation/Air Conditioning Certificate
- ◆ Information Processing Assistant Certificate
- ◆ Information Technology Certificate
- ◆ Skilled Trades - Machinist Certificate
- ◆ Skilled Trades - Maintenance Mechanic Certificate
- ◆ Skilled Trades - Tool and Die Maker/Designer Certificate

MCC is a great option for students who do not want to “go to college” but would like to learn a trade or specific work skills for employment. The average cost to attend a regular trade school is about \$15,000 per year. Attending Montcalm Community College for vocational training would cost your student \$0 per year through the Michigan Community College Guarantee.

Beginning in the fall 2024, all students from the class of 2023 and beyond (regardless of how much money their parents make) are eligible for the Michigan Community College Guarantee, which includes:

- ◆ In-district tuition, contact hours, and mandatory fees
- ◆ Up to three years of attendance

To qualify for the Community College Guarantee you must:

- ◆ Be a Michigan resident since July 1 of the previous calendar year
- ◆ Be a US citizen, permanent resident, or approved refugee
- ◆ Graduate from a Michigan high school
- ◆ Earn a diploma, certificate of completion, or GED in 2023 or after
- ◆ Complete the FAFSA
- ◆ Be enrolled full time (usually 12 credits or 4 classes per semester)
- ◆ Enroll into your “In-district” Community College within 15 months of your high school graduation date.

Visit www.montcalm.edu or contact our high school at 231-937-4338 for more information.

School News

STEM Class & Media Production

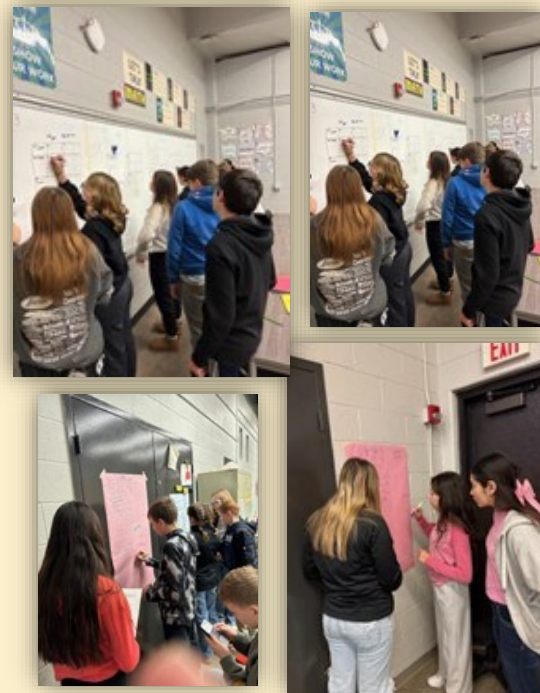

Students in Middle School STEM are learning a new skill! They are learning about media production and digital storytelling. Students in Dr. Adamson's STEM class, in collaboration with the Michigan Learning Channel and PBS, are creating short videos that highlight something that makes their community iconic. Students are learning how to set up the production equipment, including tripods, lights, sound buffers, and more. They're also learning how to interview and record their work for editing later! Learning these skills turn students into their own directors and producers while working on their digital media stories.

The students worked on installing a short wall of soundproof panels to help absorb sound when recording media and are working on recording narratives for their iconic videos, as well as conducting interviews to tie into their digital storytelling. Understanding how recording sounds is just one small piece of the work that students are doing.

Completed student videos will be aired sometime next year in connection with PBS and the Michigan Learning Channel. We can't wait to see their completed projects.

MS Math Workshop

The Middle School Math Department Team has been working with Marcus Deja, a Math Coach from Kent ISD, this year exploring the Workshop Model. The team's goal was to increase student engagement and movement.

Class begins with a sample problem where students are asked to share noticings, wonderings, and predictions. Then they are dispersed in small groups to work on one or two sample problems. Students are encouraged to collaborate together to find the solution with minimal direction from the teacher. The class then comes together to discuss findings, challenges, and possible solutions. Students then work independently or with a partner to complete additional problems for understanding. Both the teachers and students have been enjoying the varied instructional strategies.

Mrs. Phinney's and Miss Thomsen's classes work in small groups around the room exploring and solving problems.

Cold Temps Bring Opportunity for Learning

On Monday, January 20th, the coldest day of the new year, the students of Classroom #94, along with Principal Kurtz, saw an opportunity for cold learning fun. The frigid temperatures with a high of -12 degrees Fahrenheit were just right for blowing bubbles and watching the icy crystals form, spread and eventually take over the bubble. When the bubble pops, it shatters into feather like slivers of bubbles and they continue to glide across the ground in the wind. This activity happened to take place on a day when the sun was over the horizon and its brilliant light combined with snow crystals in the air cast a vertical rainbow. A combination of ideal air temperature, bubble mixture, and the tools used are necessary in order for this activity to be a success

School News

P.R.I.D.E. Awards Assembly - Celebrating Success!

A driving force at Tri County Elementary school focuses on Viking Pride. Each month leading up to the conclusion of the school year, we will be highlighting a different aspect of our PRIDE matrix; **Preparation, Respect, Integrity, Dedication, and Excellence**. In the month of January, we celebrated two students from each of our classrooms who have consistently shown that they are prepared. This could mean being prepared when they arrive at school each day or being prepared with completed assignments or studying for an upcoming test. It teaches a valuable lesson as students continue to grow to become responsible adults. 64 students were celebrated in front of their peers with a certificate and invited to a special party to mark this achievement. We look forward to recognizing more students in the coming months.

Celebrating 100 Days of School

In mid-February, Tri County Elementary celebrated their 100th day of school! While our students and teachers love the idea of dressing up as 100-year-olds and partaking in fun activities involving counting and challenges, the importance of this day holds a huge significance. It's a special time to celebrate the small victories, like mastering new skills or making new friends, and to build excitement for the second half of the school year. Teachers use this day to highlight the importance of perseverance and emphasize that each day of learning is a step toward reaching new goals. This day is an opportunity to see how much they have learned and how much more is ahead. We are excited to celebrate this milestone each year and we look forward to continued growth as we finish out the remainder of the school year.

TCE School Bank Open For Business

Each school year Tri County Elementary partners up with our local Independent Bank branches to employ students who run the TCE Student Bank. The student bank began many years ago at Sand Lake Elementary and has been a great addition to Tri County Elementary. The process to form the school bank team begins in 4th grade as students have the opportunity to apply for various banking positions including Branch Manager, Assistant Manager, Tellers, and Marketing Representatives. The student applicants provide a completed application, current grades, attendance, and artwork if applying for marketing. All applicants go through the interview process with Independent Bank employees with 8 students being chosen for the following school year. The school bank is open for business twice a month for students to bring in money to deposit into their Independent Bank account. This is a great opportunity for students to learn various banking skills in addition to all students learning about how to use money responsibly, savings, and finance. We are grateful to Independent Bank for their partnership.

School News

Winter Preschool Fun!

Our GSRP classrooms participated in a snowman building contest on Friday, February 21st during their normal outside play time. Even though the snow wasn't packing snow, the students used their problem-solving skills to discover different ways to make a snowman with the lighter snow. The Preschoolers also learned more about weather, the winter season, teamwork, and the different properties of objects.

2025-2026 Preschool Information Night

Tri County Preschool will be hosting a Preschool Information Night on Monday, March 31st, from 5:30-6:30pm at the Edgerton Building in Howard City! This event is designed for any families interested in enrolling their 3 or 4 year-old in one of our programs for the 2025-2026 school year.

From 5:30-6:00pm, information regarding Preschool programs offered will be shared in one of the classrooms. Then from 6:00-6:30pm, parents are invited to explore our classrooms at Edgerton!

This is a special evening for parents to learn about our amazing Preschool programs offered, including Great Start Readiness Program (GSRP), Head Start offered through EightCap, Early Childhood Special Education (ECSE), and Tuition-based programming.

While we love our little ones, please note that childcare is not available during this event. We kindly ask that children do not attend. We will host an orientation for students in the fall to meet their teachers and visit their classrooms!

We're excited to see you all there!

Other Upcoming Preschool Events

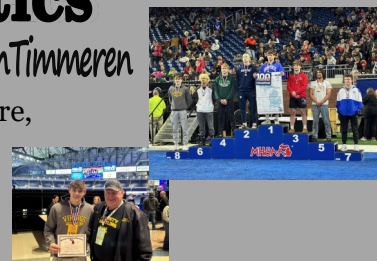

Preschool Carnival Night: For families of our preschoolers of this current 24/25 school year, who attend GSRP, Head Start, or ECSE are invited to attend a Preschool Math Carnival event on Thursday, April 17th, from 5:30-6:30pm in the Edgerton gymnasium. Keep an eye out for a flier detailing more information about this event to be sent home in students take-home folders!

March is Reading Month: We will be celebrating March is Reading Month all month long! We are always looking for guest readers to come in to read a story to our students. If you would like to be a guest reader, please contact your child's teacher or Preschool Director at kpyne@tricountyschools.com

Athletics

All-State Wrestler, Tristan VanTimmeren

Congratulations to sophomore, Tristan VanTimmeren, who placed 8th at the State meet this past Saturday!

District Wrestling Champs!

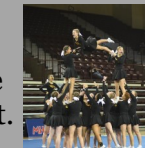

Congratulations to our Varsity Wrestling Team, on bringing home their 3rd consecutive District Title! We Are TC!

TC Competitive Cheer Place 5th at State!

BIG Congratulations to our Varsity Competitive Cheer team, who placed 5th in Division 3 at the State competition on Saturday, March 1st. Their highest place yet! The team was also Regionals champs! It has been an incredible season for TEAM21, not only taking home the top prize at regionals, but also winning the District title this year, and the League title again, for the 10th consecutive year. Congratulations on another remarkable year! GO VIKINGS!
